SKILLS SUMMARY

• Languages:	Java , C, C++, Python, R
• Frameworks & Technologies:	Apache Hadoop, Apache Hive, HTML, CSS
• Tools & Platforms:	MySQL , Docker, Git, Tableau, MS Excel, RStudio
• Soft Skills:	Problem-Solving, Critical Thinking, Teamwork, Adaptability

PROJECTS

• CA Evaluator System	Jan - Feb 2023
<ul style="list-style-type: none">Developed a console-based software to manage Continuous Assessment scores for 100+ students.Implemented efficient file-based CRUD operations, doubling data access speed.Automated assessment tracking, reducing manual effort for faculty.Tech used: C(file handling, struct-based data management).	
• Online Grocery Shopping Website	Nov - Jan 2023
<ul style="list-style-type: none">Designed a fully responsive grocery website with 5+ pages featuring Login, Signup, Products, Cart and Checkout.Implemented dynamic cart functionality using Javascript, enabling real-time updates for 20+ products.Demonstrated proficiency in front-end development with 100% client-side interactivity.Tech used: HTML, CSS, JavaScript.	
• Number Game	Jun - July 2022
<ul style="list-style-type: none">Developed an interactive number guessing game with a customizable range and restart functionality.Provided real-time feedback on guesses(higher/lower) to enhance user engagement.Tracked user attempts and maintained a session-based scoreboard for performance monitoring.Tech used: Python(random module, loops, functions).	

TRAINING

• Fundamentals of Data Structures using C++	Jun - Jul 2024
<i>From Lovely Professional University</i> <ul style="list-style-type: none">Gained hands-on experience in asymptotic analysis (time & space complexity, Big-O).Worked with data structures like arrays, linked lists, stacks, queues, trees, and hash tables.Implemented and optimized sorting (Merge Sort, Quick Sort) and searching algorithms (Binary Search, Linear Search).Focused on writing efficient and scalable code for real-world applications.	

CERTIFICATES

• IBM DevOps and Software Engineering Coursera	Nov 2024
• Cloud Computing NPTEL	Oct 2024
• Java Programming Masterclass Udemy	Aug 2024
• Data Structure and Algorithms IamNeo	Jul 2023
• Object Oriented Programming IamNeo	Jul 2023

ACHIEVEMENTS

• Secured Global Rank 1718489 on Leetcode:	Mar 2025
Among 15M+ users, demonstrating strong problem-solving skills and algorithmic proficiency	
• Secured Global Rank 1100 on Codechef:	Jan 2025
Ranked within the top 5% of 21k+ participants in Codechef Weekly Contest	
• Participated in TechnOcian Web 3.0:	Apr 2024
Contributed to brainstorming sessions and contributed modern development practices in a team-oriented setting	

EDUCATION

• Lovely Professional University	Phagwara, Punjab
<i>B.Tech - Computer Science and Engineering; CGPA: 8.10</i>	
Aug 2022–Present	
• RN International Public School	Meerut, Uttar Pradesh
<i>Intermediate; Percentage: 85%</i>	
Apr 2018–Mar 2019	
• RN International Public School	Meerut, Uttar Pradesh
<i>Matriculation; Percentage: 95%</i>	
Apr 2016–Mar 2017
